COURT ACTION IS TAKEN IN DISAPPEARANCE CASE

Telegraph and Telephone Companies Must Produce Messages Between Mrs. Dennis and Victor E. Innes.

Atlanta, Ga., July 17.—Court action was taken here to-day in connection with the mysterious disappearance of Mrs. E. Innes, who was last seen in the city on July 10. The action was taken by the wife of the missing woman, Mrs. Victor E. Innes, for whom a nationwide search is being made.

Judge George L. Bell, of the Superior Court, signed an order directing the Western Union Telegraph Company, the Postal Telegraph-Cable Company and the Southern Bell Telephone and Telegraph Company to turn over to the court all messages sent or received by the missing woman, all telegrams which may have passed during the last three years between Mrs. Dennis and Victor E. Innes, former assistant United States district attorney in Nevada. The order, in addition, included any other telegrams which might aid in solving the mystery.

The court also appointed Mrs. Innes temporary receiver of the estate of Mrs. E. Innes. The latter has large property holdings, and it was asserted in the receivership petition that her interests would be placed in jeopardy unless a receiver was named.

Innes was Mrs. Dennis's attorney in Reno, Nev., in 1912, when she obtained a divorce. It was reported he had been commissioned by Mrs. Dennis to make investigations for her in Nevada. In a statement made in Portland, Ore., the attorney denied the report, and said he had no business relations with the woman, other than as her counsel in her divorce proceedings.

No trace has been found of either Mrs. Dennis or Miss Innes, who left here early in June on a business trip to Texas. An investigation was started when a letter mailed in San Francisco on July 3 to Mrs. Innes and signed with Mrs. Dennis's name, indicated that she had killed her sister.

Atlanta Chosen for 1915. Dubuque, Iowa, July 17.—The United Cigarette Machine Company, of this city, which formerly did a large business in Mexico, yesterday received its first order from that country since the falling of President Madero. Up to the time Huerta took charge of the Mexican government, many Lynchburg-made cigarette machines were used in that country, but during the past few years no business came from that quarter.

The first order under the new regime was received by telegraph, and this seems to be an indication that the change will result in a restoration of business and confidence.

SOUTH RICHMOND WANT HULL STREET CARS

RUN TO BROAD STREET

South Richmond Democratic Club Discusses Southside Car Service.

COMMITTEE IS APPOINTED

Company Unwilling to Operate Owl Service, but Will Run Special Car, Leaving Richmond Each Morning at 1:40 o'clock.

In spite of all opposition, members of the South Richmond Democratic Club are determined to have the Hull Street cars run to Broad Street. At the regular meeting of the club last night in Fraternal Hall it was decided to circulate petitions among the citizens, asking the Virginia Railway and Power Company to carry out this plan. It is believed that several thousand signatures can be secured.

A committee was also appointed to supplement the regular transportation committee, of which C. B. Anderson is chairman, when it appears before the subcommittee of the City Council next week. Mr. Anderson explained the situation to the members of the club, and asked that he be assisted. By the present transfer system at Fourteenth and Main Streets, it is claimed that the passengers are not only delayed, but are caused great inconvenience. It is not the intention of the club to act in opposition to the Forest Hill people, who do not want their present schedule interfered with.

Councilman Carter C. Jones, who presided, made a report on the owl car service. He said that the request of the Southside for an owl car had been refused. The company is willing, however, to have the last car leave Broad Street at 1:10 o'clock and start at 5 in the morning, provided Superintendent Lacey agrees.

Following the business session, members of the club enjoyed a smoker and buffet luncheon.

Hermut Committed Suicide.

William E. Robinson, an aged colored man, killed himself on Thursday at the Bellwood Farm, according to the report made yesterday to the Chesterfield police. The negro, who lived the life of a hermit and was a laborer on the farm, was found by a neighbor, who had been told to have him mentally deranged. He used a shotgun for his self-destruction, and a gaping hole was torn in his head. Dr. J. G. Loving, coroner of Chesterfield County, viewed the body, but deemed an inquest unnecessary.

Employees of the farm missed the negro when he failed to appear in his regular work on Thursday morning. They went to his home, a hut some distance from the main dwellings in the woods, and found Robinson lying in a pool of his own blood on the floor. The shotgun was lying by his side.

As Robinson was a quiet character, and was feared by the children in the neighborhood on account of his peculiar ways, a suspicion was entertained that he had committed suicide. He had been on the farm for twenty years, but had always lived alone in his solitary little cabin.

As no one claimed the body, Coroner Loving ordered it buried yesterday near the Bellwood Farm. Robinson was thought to have been an uncle, William Harris, in South Richmond, but he has not been located.

Recovering From Auto Accident.

Gustave Masten, nine years old, was reported to be improving yesterday from injuries sustained when he was knocked down on Thursday night by an automobile at Sixth and Hull Streets. The boy was crossing the street, it is said, and did not see the approaching car. The owner of the car was Thomas Davis, of 1622 Floyd Avenue, who was driving it.

With Justice Maurice.

Major Jeffries, colored, was sentenced to six months in jail for the theft of \$3 from Joe Bingham, colored, by Justice Maurice yesterday in Police Court. Jeffries was arrested when he was caught by Officer John Lee when he arrested him. Officer Lee only subdued him by the liberal use of his club.

George Jefferson, colored, was given thirty days on the roads for being a vagrant.

Gets Year for Theft.

Junius Seborn, colored, charged with the theft of poultry and with stealing coal from the South Richmond yards of the Atlantic Coast Line Railway Company, was sentenced to twelve months on the roads by Magistrate L. W. Chesterfield yesterday in Swansboro Magistrate Court. The negro was caught in the act of carrying away a bag of chickens from the home of Mrs. George Masten, 401 Petersburg Pike, on Tuesday morning early. Officer A. T. Taylor shot five times at him as he fled, and arrested him several hours later at his home.

Personal Mention.

Mr. and Mrs. Harry Lawder and family have returned home after spending some time at Ocean View.

R. A. Baldwin, of Farmville, is visiting his son, A. C. Baldwin.

Harriet Smith, of Porter Street, has returned from Wilmington, N. C.

Mrs. R. J. Willford and son, Edgar, of Rocky Mount, N. C., are visiting Mrs. J. P. Tyree, of Woodland Heights.

RECEIVES FIRST ORDER SINCE MADERO'S DEATH

[Special to The Times-Dispatch.] Lynchburg, Va., July 17.—The United Cigarette Machine Company, of this city, which formerly did a large business in Mexico, yesterday received its first order from that country since the falling of President Madero. Up to the time Huerta took charge of the Mexican government, many Lynchburg-made cigarette machines were used in that country, but during the past few years no business came from that quarter.
